Subject: BAC Strategic Accelerated Redemption Securities STARS Linked to the SPDR Gold Trust

Background Information on the Notes

As more fully explained in the Prospectus Supplement (333-133852), the Strategic Accelerated Redemption Securities (the “Notes”) linked to the SPDR Gold Trust due May 31, 2011, are senior, unsecured debt securities of Bank of America Corporation (“BAC”) and are not guaranteed or insured by the Federal Deposit Insurance Corporation (“FDIC”) or secured by collateral.

The Notes will rank equally with all of BAC’s other unsecured and unsubordinated debt, and any payments due on the Notes, including any repayment of principal, will be subject to the credit risk of BAC. The Notes provide for an automatic call if the Observation Level of the SPDR Gold Trust on any Observation Date is equal to or greater than the Call Level. The SPDR Gold Trust attempts to mirror as closely as possible, before fees and expenses, the performance of the price of gold bullion. If the Notes are called on any Observation Date, investors will receive on the Call Settlement Date an amount per unit (the “Call Amount”) equal to the \$10 Original Offering Price of the Notes, plus the applicable Call Premium. If the Notes are not called, the amount investors receive on the maturity date (the “Redemption Amount”) will not be greater than the Original Offering Price per unit and will be based on the direction of and percentage change in the price per share of the SPDR Gold Trust from the Starting Value, as determined on April 30, 2009, the pricing date, to the Ending Value, as determined on the final Observation Date. Investors must be willing to forgo interest payments on the Notes and be willing to accept a repayment that may be less, and potentially significantly less, than the Original Offering Price of the Notes. Investors also must be prepared to have their Notes called by BAC on any Observation Date.

The issuer of the Notes is not affiliated with SPDR Gold Trust, and the SPDR Gold Trust will have no obligations with respect to the Notes. Holders of the Notes will have no rights as a securityholder of SPDR Gold Trust, and Holders will not have the right to receive any distributions with respect to the shares of SPDR Gold Trust.

For additional information regarding the Notes, including the applicable risk factors, please consult the Prospectus Supplement, filed with the Securities and Exchange Commission by BAC.

Exchange Rules Applicable to Trading in the Notes

The Notes are considered equity securities, thus rendering trading in the Notes subject to the Exchange's existing rules governing the trading of equity securities.

Trading Hours

Trading in the Notes on ISE is on a UTP basis and is subject to ISE equity trading rules. The Notes will trade from 8:00 a.m. until 8:00 p.m. Eastern Time. Equity EAMs trading the Notes during the Extended Market Sessions are exposed to the risk of the lack of the calculation or dissemination of underlying index value or intraday indicative value ("IIV"). For certain derivative securities products, an updated underlying index value or IIV may not be calculated or publicly disseminated in the Extended Market hours. Since the underlying index value and IIV are not calculated or widely disseminated during Extended Market hours, an investor who is unable to calculate implied values for certain derivative securities products during Extended Market hours may be at a disadvantage to market professionals.

Trading Halts

ISE will halt trading in the Notes in accordance with ISE Rule 2101(a)(2)(iii). The grounds for a halt under this Rule include a halt by the primary market because it stops trading the Notes and/or a halt because dissemination of the IIV or applicable currency spot price has ceased, or a halt for other regulatory reasons. In addition, ISE will stop trading the Notes if the primary market de-lists the Shares.

Delivery of a Prospectus

Pursuant to federal securities laws, investors purchasing Shares must receive a prospectus prior to or concurrently with the confirmation of a transaction. Investors purchasing Shares directly from the Fund (by delivery of the Deposit Amount) must also receive a prospectus.

Prospectuses may be obtained through the Distributor or on the Fund's website. The Prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the Trust's registration statement.

This Regulatory Information Circular is not a statutory Prospectus. Equity EAMs should consult the Trust's Registration Statement, SAI, Prospectus and the Fund's website for relevant information.
